

## BRAND PROTECT™ LINERS & BAGS

Brand Protect Liners & Bags—a superior packaging solution designed to provide exceptional strength, consistent performance, and optimal load integrity

## FEATURES

- Versatile for both shrink and non-shrink applications
- Available in mono-layer and coextruded formats
- Available in bags, sheeting, tubing, sleeves, centerfold, bottom seal, side gusseted, lip, and top gusseted
- Centerfold: the ultimate solution for heavy-duty packaging
- Manufactured with LLDPE/LDPE for general applications; Hexene LLDPE/LDPE for high-performance applications
- Easy open/easy tear of the roll perforations

## ADVANTAGES

Our Brand Protect Liners & Bags provide energy efficiency, material cost reduction, and improved line speed. We offer a diverse selection of custom and pre-stocked liners, dust covers, and shrink bags that are SQF certified and use only top-quality FDA resins. Our liners and covers come in various sizes, offering versatility and ease of use.
